

POLARIS WEB ADMIN

How to Customize Default Quotes in Leap

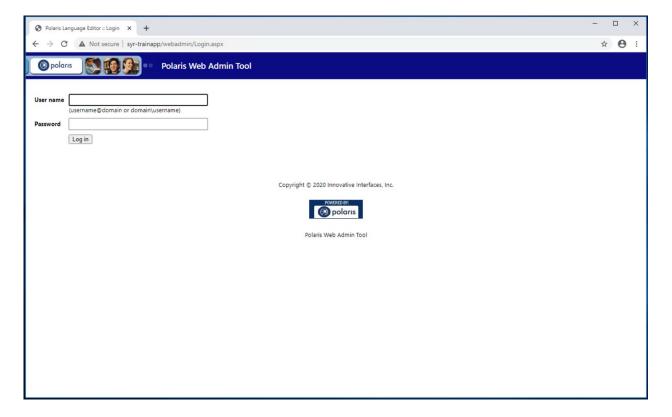

Introduction:

This article will show you how to customize the default quotes in Leap.

Accessing Web Admin:

The staff user must have the System Administration permission: WebAdmin access: Allow. Use a browser to access Web Admin.

- The URL for Web Admin is typically http://servername/WebAdmin
- To log in: Supply your username, domain, and password, then click "Log in"

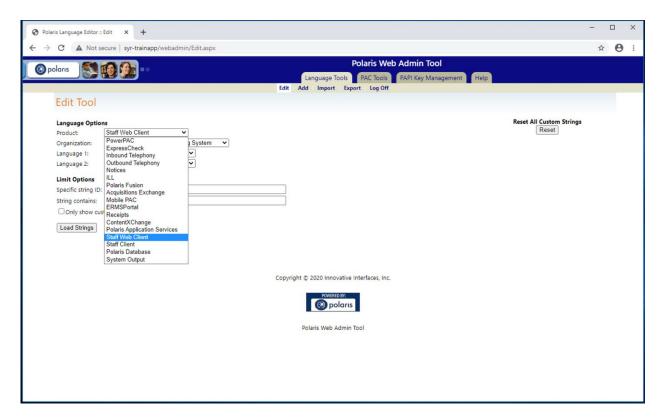

After logging in, Web Admin defaults to the Language Tools tab/edit page:

- Product: Select Staff Web Client
- Organization: Select the organization for which the change is being made: System, Library, or Branch level.

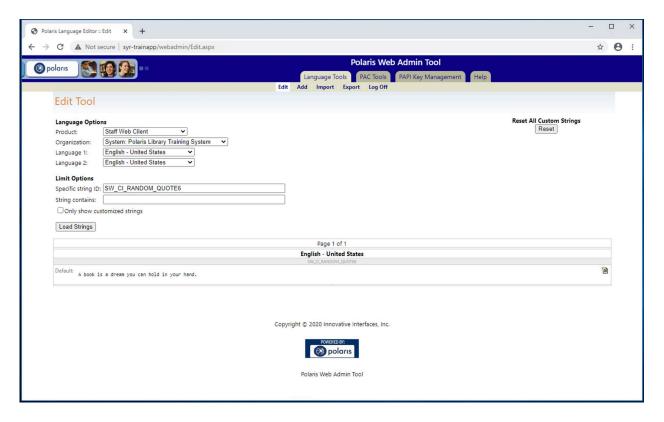

Type in the string ID to be changed/customized, and hit Load Strings. For reference, here are the 12 strings along with the default quotes and authors:

Quote Text	Author Attribution
SW_CI_RANDOM_QUOTE1	SW_CI_RANDOM_AUTH1
SW_CI_RANDOM_QUOTE2	SW_CI_RANDOM_AUTH2
SW_CI_RANDOM_QUOTE3	SW_CI_RANDOM_AUTH3
SW_CI_RANDOM_QUOTE4	SW_CI_RANDOM_AUTH4
SW_CI_RANDOM_QUOTE5	SW_CI_RANDOM_AUTH5
SW_CI_RANDOM_QUOTE6	SW_CI_RANDOM_AUTH6

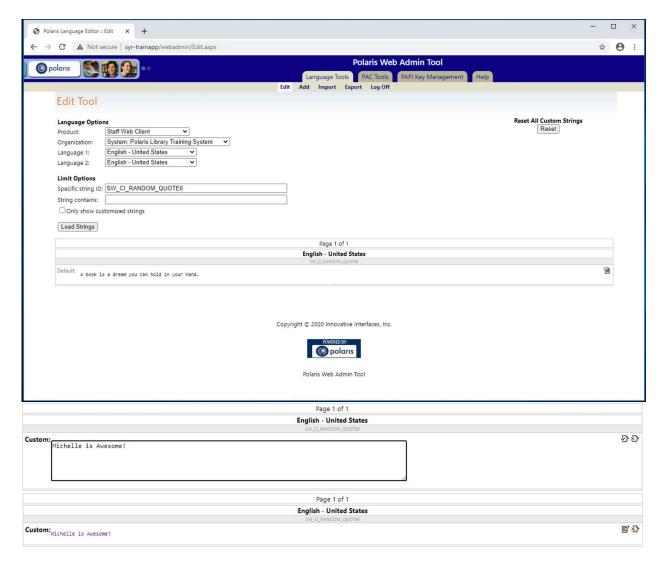

Click on the icon to the right of the language string, and type in the custom quote. Click the icon with the check on the left of the screen to save. The custom quote text will be in purple.

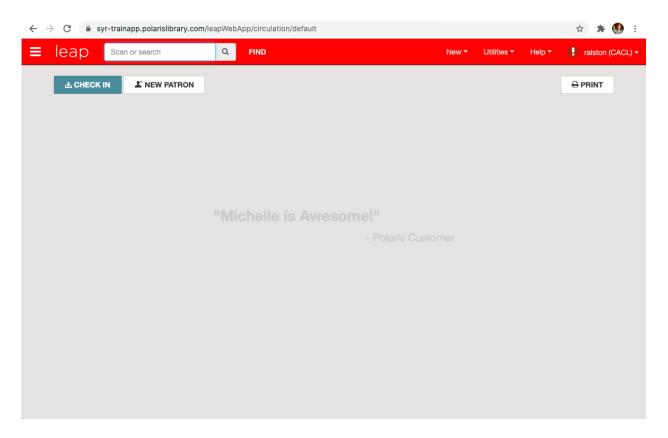

Repeat the same steps for the author string of the matching quote, and/or any other quote/author combinations you'd like to customize.

Sign into Leap and enjoy your custom quotes:
